We Need Your Help -

Federal Survey - AESA is requesting your help in providing information to AASA - Noelle Ellerson, who helps represent AESA and works for AASA is gathering information on the economic outlook for schools. This information is very important to all of us as we work to represent education in Washington. This survey looks at the breadth and depth of the types of cuts your district has made and may have to hold in place. We are collecting this data to better illustrate how the extremely tight economic climate-continued constraints in state and local budgets, the cessation of ARRA and education jobs fund dollars, and the recent eliminations and cuts in the fiscal FY11 and FY12 funding bills-continues to impact local school districts.
