

July 7, 2014

Dear Member,

---

### **Educators Call to Action conference - Sept. 16<sup>th</sup> -18<sup>th</sup> - Wash. DC**

The ECA conference will be held again this September keying on our legislative connections, quality information and timely legislative focus. We are excited to announce that we have Stan Collender back to speak to us. A few years ago Stan, who is an expert on the federal budget, provided a terrific presentation as a Sam Spade type of investigative "gumshoe" revealing the budget and its impact. Stan is a sought after presenter. We will also spend time with legislative staff and hopefully legislators to learn the latest on educational issues that affect educational service agencies.

[Sign up here](#) - and don't miss out on a couple of great days in our nation's capital.

### **Annual AESA Conference - San Diego Bayfront Hilton - Dec 3-6, 2014**

"Navigating the Opportunities of Collaboration" has something for everyone in this conference! This conference continues the long tradition of providing high quality presentations and break-out sessions. There will be important opportunities to explore, collaborate, share resources, ideas and innovation. There will be key conference strands designed to meet the changing needs of CEOs, board members, and ESA staff. We know that you will enjoy hearing from exceptional keynote speakers as well as several key opportunities to intentionally collaborate with your ESA Colleagues. This is the only conference designed just for educational service agencies and their staff. Keynote speakers are Andrew Bennett, Russ Quaglia and Jeanette Walls. Watch for our special information coming out about them and what they are going to address. [Register here and see the conference brochure.](#)

---

## **NAMTC Leadership Summit - Dec 2nd & 3rd San Diego Bayfront Hilton**

The summit welcomes technology/media directors, plus those who work with student information systems / databases; those who are responsible for integrating media and technology; those who identify and purchase physical and electronic materials; those who provide professional development on the use of these materials; those who work with LANs and WANs; researchers; those working with student and school improvement programs and central administrators responsible for any and all of these activities. [Check it out here.](#) **NAMTC** If you are registering for both the AESA Annual Conference and the NAMTC Leadership Summit follow normal registration procedures and check the NAMTC event on the registration site.
