

# The Mentor Project -

## Professional Coaching for CEO's

A new offering for new or newer ESA CEO's and leaders - mentoring with someone who understands your job. AESA is looking for CEO's who would like to become a mentor or are looking for a mentor. If you feel called either way - please sign up via email to: [cliff.carmody@swsc.org](mailto:cliff.carmody@swsc.org) .

Cliff Carmody is the program coordinator for this new professional development opportunity.

See the program details on the back of this page.

## **ESA CEO Mentorship Program Description**

Purpose of the Program: To provide additional learning / growth opportunities for ESA CEO's through the use of mentors.

How the program works: The program would be individualized between the mentor and CEO but could include some of the following ideas / activities -

- Voluntary program with no cost for participation
- Interaction would be dependent on the mentor & CEO and personalized based on need
- AESA will coordinate the program - Cliff Carmody is the Program Advisor
- Careful consideration will be made to link mentors and CEO's - with both sides having selection input to insure successful interaction
- Mentors can volunteer to participate by contacting Cliff Carmody and getting the enrollment form
- CEO's who wish to participate will sign up in a similar format by contacting Cliff Carmody
- This is not meant to run competition with existing state programs, but to provide a voluntary professional learning opportunity
- As a personalized program, it is really between those involved as to the length, format or process
- AESA will provide some guidance about expectations for those who wish to participate
- Face to face meetings could be piggy backed with AESA events such as Summer Leadership or AESA Annual Conferences - various media should also be used to provide connectivity

How do I sign up?

- Contact Cliff Carmody if you want to be either a mentor or someone looking for a mentor - [cliff.carmody@swsc.org](mailto:cliff.carmody@swsc.org)
- You will be sent an enrollment form to begin the process

When can we begin?

- As soon as we can link up CEO's with a matching mentor
