Executives in Residence Visitation Requirements

HOST SITE SELECTION REQUIREMENTS

In order for an ESA to be given consideration as an Executives in Residence host site, the Executive Director/CEO of the potential host site must complete the following:

- » Be a member of AESA;
- » Read and sign the enclosed statement of assurances;
- » Prepare an agency profile with the following information:
 - » Name and location of the ESA;
 - » Executive Director/CEO contact information;
 - » Summary of programs and services offered (limit 1 page);
 - » Demographic description of members served, including size and number of school districts, etc.;
 - » Brief description of the governance structure of the ESA;
 - » Annual budget information, including ESA staff, and administrative structure; and
 - » Mission, vision, and goals of the ESA.

Prior to consideration as a host site, the ESA profile and statement of assurances should be returned to AESA at:
4031 FM 1463 Rd, Suite 40-282, Katy, TX 77494

STATEMENT OF ASSURANCES

Each resident selected to participate in the AESA Executives in Residence Program will complete a 1 or 2 one-week residency requirement. The residency requirement can be done at one host site or split between two host sites (1 or 2 one-week). The residency requirement is to be completed within 12 months of beginning the Executives in Residence Program. In order for the residents to be able to complete the residency requirements, ESAs from across the county need to be identified as possible visitation sites. Without the commitment and participation of host sites for the residency requirement, this program cannot provide the experiences necessary for the participating residents.

ESAs may participate as a host site by reviewing and signing this statement of assurances and returning to AESA at:
4031 FM 1463 Rd, Suite 40-282, Katy, TX 77494

1. I understand and support AESA, the Council, and the Council's intent in the development and implementation of the Executives in Residence Program.
2. I understand the purpose of the program is to produce more ESA leaders who are prepared to enter formal leadership positions; to cultivate future AESA national leaders; and to increase networking and communication across the nation's ESAs.
3. I understand the residency requirement is designed to be experiential in nature and I agree to communicate with the resident in order to develop a residency experience that will assist in meeting the learning goals identified by the visiting resident.
4. I understand the importance of planning a visitation schedule that encompasses opportunities for the resident to better understand governance, leadership, programs and services, state/local challenges, board relationships, etc., and I agree to build a schedule that identifies the impact these things have on my ESA.
5. I agree to provide AESA an agency profile to be used by participating residents in selecting a host site for their resident visitation and I understand the resident will determine the ESA site they wish to visit.
6. I understand the importance of this experience being comprehensive, meaningful, and rigorous enough to be challenging to the residents and I understand the significance of this opportunity in the development of future ESA leaders.
7. I understand by signing the statement of assurances I am requesting consideration for becoming a host site and I understand AESA will make the final determination regarding ESA participation as a host site for the Executives in Residence Program.
