AESA Annual Conference Registration is Now Open!

We are excited to announce that registration for the 2016 AESA Annual Conference is now open! Our theme is "The Future Depends on Their Future: AESA - 40 Years of Creating Their Future" on Nov. 30 - Dec. 3, 2016 at the Savannah International Trade Center in Savannah, Georgia.

AESA has a new database with new login and registration procedures to provide more secure, more flexible, and simpler registration for our events. In order to register for conferences you will need to login and change your password.

For more information please visit our [2016 conference website](#) to see the [conference brochure](#), detailed instructions for [conference registration](#), and other information.

If you have any questions, please contact info@aesa.us. We look forward to seeing you in Savannah!

New Business Member – New Teacher Center helps ESAs Retain Teachers, Improve Student Achievement

New Teacher Center has a successful history of partnering with area education agencies to deliver the type of comprehensive systems of teacher induction, instructional coaching and school leader development required to reduce teacher attrition, accelerate teacher effectiveness and improve student achievement. These partnerships create equitable learning opportunities for rural students and allow smaller districts to operate like their large, urban counterparts in mentoring beginning teachers, coaching experienced teachers and developing school leaders.

New Teacher Center is a national non-profit organization dedicated to improving student learning by guiding a new generation of educators. Founded by teachers in 1998, NTC works in conjunction with school districts, area education agencies, state policymakers and educators across the country to increase the effectiveness of teachers and school leaders at all levels. These programs are built upon research-based principles for teacher onboarding, mentoring and ongoing coaching, and are proven to accelerate teacher effectiveness, reduce teacher churn and improve student achievement. NTC has made it their mission to overcome challenges students and teachers face by providing all educators with the support and resources necessary to succeed from their first day to their last. NTC now supports over 8,500 mentors and coaches and 31,600 teachers, and is improving the learning of over 2.2 million students across the country.
