

# BRIDGING to RESILIENCE

**Collaborate. Solve. Heal.**

Connecting schools and communities in the  
trauma-responsive framework

## We believe that:

- poverty and trauma impact ALL of us
- change is possible
- working together produces powerful results
- we can win

**April 25 & 26, 2018**

**Marriott Kansas City  
Overland Park, Kansas**

Understanding both trauma and generational poverty empowers us to become powerful brain builders, creating resilience in the classroom, the workplace, and the home.

The **Bridging to Resilience conference** will focus on developing a collaborative community that will address poverty and support trauma informed settings.
